Seats held on Leicestershire County Council

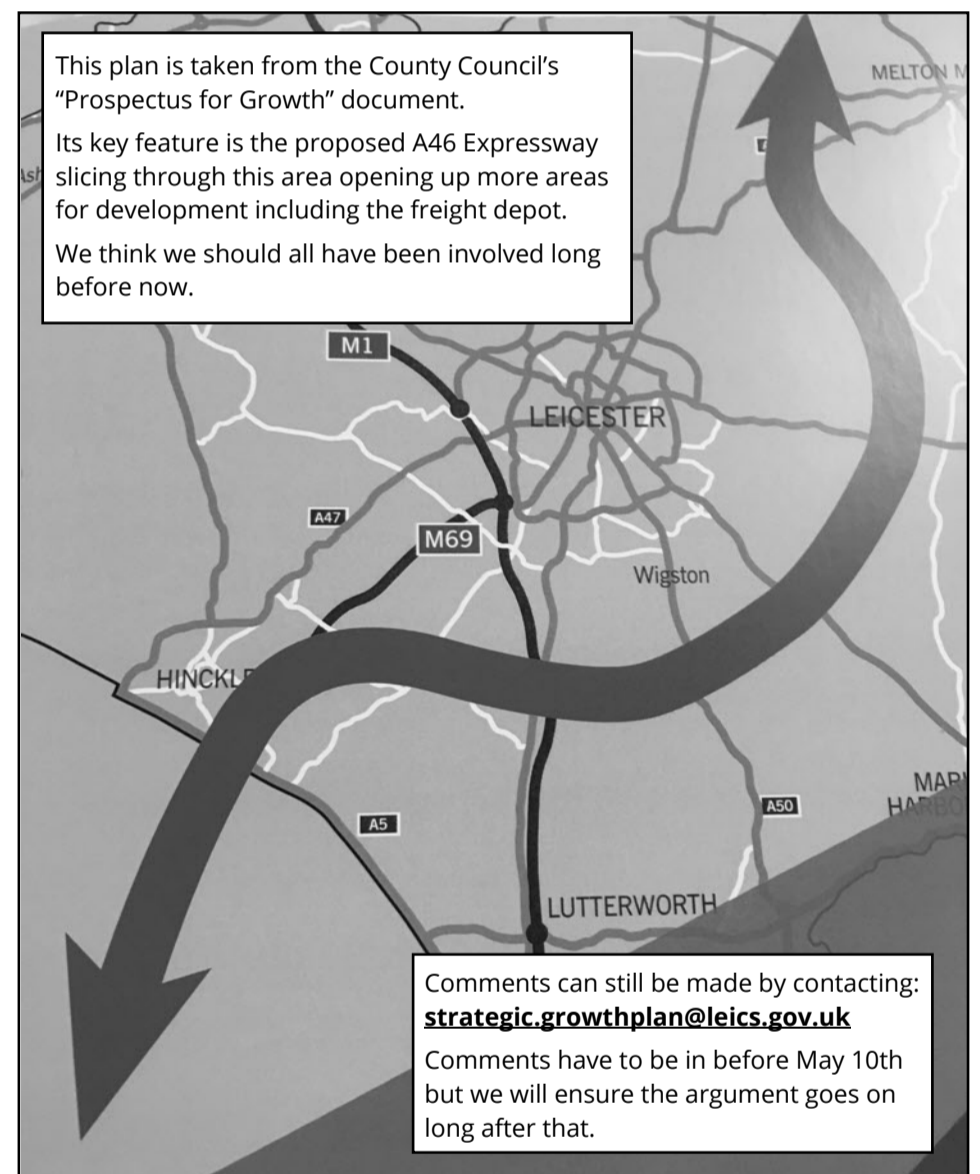

# Enough is Enough!

Danny Findlay and the Lib Dems point out the proposed A46 Expressway and all the associated developments will change our villages and countryside for ever.

Use your vote on 3<sup>rd</sup> May to make sure that *your* voice is heard!

Say **YES** to better facilities

Say **NO** to over-development and the new road

## Danny Findlay Says:

*"With your support we can stand up to what is being proposed . We all need to work together to protect this area. "*

*"The election on May 3<sup>rd</sup> is only the start."*

*"This election will not change the Government or the County Council but it could send a clear message to County Hall that a change of direction is needed and local people's views should be listened to."*
